SECTION 9: TAX WITHHOLDING ELECTION

SEE STATE SPECIFIC INSTRUCTIONS ON PAGE 8.

Federal law requires us to withhold 10% of the taxable portion of your distribution for federal income tax. You may elect not to have federal income tax withheld or you may elect a higher withholding rate. Even if you elect not to have federal income tax withheld, you may be responsible for paying estimated taxes. You may incur penalties under the estimated tax rules if your payment of estimated tax and withholding, if any, are not sufficient to satisfy your tax liabilities.

Your distribution may also be subject to state income tax withholding. Some states require that state income tax be withheld when federal income tax is withheld. Additionally, some states have minimum withholding requirements. If you live in one of these states, we will withhold state income tax as required by your state. In other states, withholding is voluntary.

Federal Withholding Election:

I do not want federal income tax withheld.

I do want the following federal income tax withheld: _____% federal (minimum withholding is \$10.00.)

State Withholding Election:

I do not want state income tax withheld.

I do want the following state income tax withheld: _____% state (minimum withholding is \$10.00.)

In which state do you file your taxes? _____

If you do not make a withholding election, or if you do not specify a withholding amount, we will withhold 10% federal income tax and will not withhold any state income tax, unless a different amount is required by your state.
